

RT Self-Regulating Connection, Tee & End Seal Kits

Power Connection Box

- NEMA 4X Enclosure
- Up to 3 Cable Entries
- 3/4" Conduit Hub Opening

Splice & Tee Kit

- NEMA 4X Enclosure
- Up to 3 Cable Entries
- Straight or Tee Connections

End Seal Fitting

- NEMA 4X Enclosure
- Fits all pipe sizes
- Feet for Installing of Flat Surfaces

Description:

The RT Series Connection System for Trasor self-regulating cable products represent the state of the art in heat tracing accessories.

Each model is designed to satisfy the demands of a particular operation. The models combine a variety of functions in a convenient, easy to use and economical package.

Applications:

Connection of all Trasor ordinary area self-regulating cable to customer supplied power wiring in any of the following applications:

- Freeze Protection
- Hydrocarbon and Chemical Product Piping
- Process Temperature Maintenance
- Fluid Flow and Viscosity Maintenance

Features:

- Molded of durable plastic material (Ryton®, PPS)
- High service temperature (400 °F)
- Corrosion resistant
- Thermal stability
- Non-flammable
- High strength and rigidity
- Stainless steel hardware to ensure the integrity of the system
- NEMA-4X Liquid tight design prevents moisture from reaching the electrical connections.
- UL, FM approved for most models, consult specific product information

Approvals:

UL Listed for use in ordinary areas
FM certified for use in ordinary and Class I, Div. 2 Groups B, C, D
Class II, Div. 2 Groups F, G

RTPC Power Connection Kit

Model RTPC Power Connection Box is a NEMA 4X rated junction box designed to connect all Trasor self-regulating cable to customer supplied power wiring. This kit provides water proof cable entry for up to three cables, enclosure support, terminal block and a water proof, corrosion resistant wiring enclosure with a 3/4" opening to accept a conduit hub.

Dimensions:
6.25" tall x 5.25" long x 4.25" wide

Contents:
1 molded junction box consisting of:
1 base
1 box w/ 3/4" conduit opening
1 lid
1 three position terminal block
1 mounting screw for terminal block
1 GRSR Sealing grommet for SR cable
1 pipe band, for 1" to 3" pipes

RTST Splice & Tee Kit

Model RTST Splice & Tee Box is a NEMA 4X rated junction box designed to make straight or tee splices for all Trasor self-regulating cables. This model provides water proof cable entry (for two cables, for a splice or three cables for a tee), enclosure support, terminal block and a water proof, corrosion resistant wiring enclosure.

Dimensions:
6.25" tall x 5.25" long x 4.25" wide

Contents:
1 molded junction box consisting of:
1 base
1 box
1 lid
1 three position terminal block
1 mounting screw for terminal block
3 GRSR Sealing grommets for SR cable
1 pipe band, for 1" to 3" pipes

RTES End Seal Kit

Model RTES End Seal Fitting is a NEMA 4X rated enclosure designed to terminate all Trasor self-regulating cables. This model provides water proof cable entry for one cable, enclosure support and a water proof, corrosion resistant enclosure. The fitting has two sides for optional mounting, one side for small tubing and the other side for piping and flat surfaces.

Dimensions:
1.25" tall x 2" long x 1.75" wide

Contents:
1 end cap
1 pressure plate
1 GRSR Sealing grommet for SR cable
